

## Simple Steps to Help Marine Life (Sharks, Dolphins, Sea Turtles)

- Decorate & Use Reusable bags & bottles (the less plastic bags & bottles the better).
- Stop using plastic straws. Instead, buy a reusable straw.
- If you live near an ocean, river or lake, organize a beach clean-up.
- Keep balloons indoors. Do not release balloons (the balloon can choke marine life or any animal).
- If you live on the coast, turn off your lights at night, so baby sea turtles can find their way to the ocean safely.
- Share your knowledge!
- Support [Ocean Conservancy](#) & [Sea Shepard](#)
